

Stingers Summer Survey Summary Report 2019

Total Responses

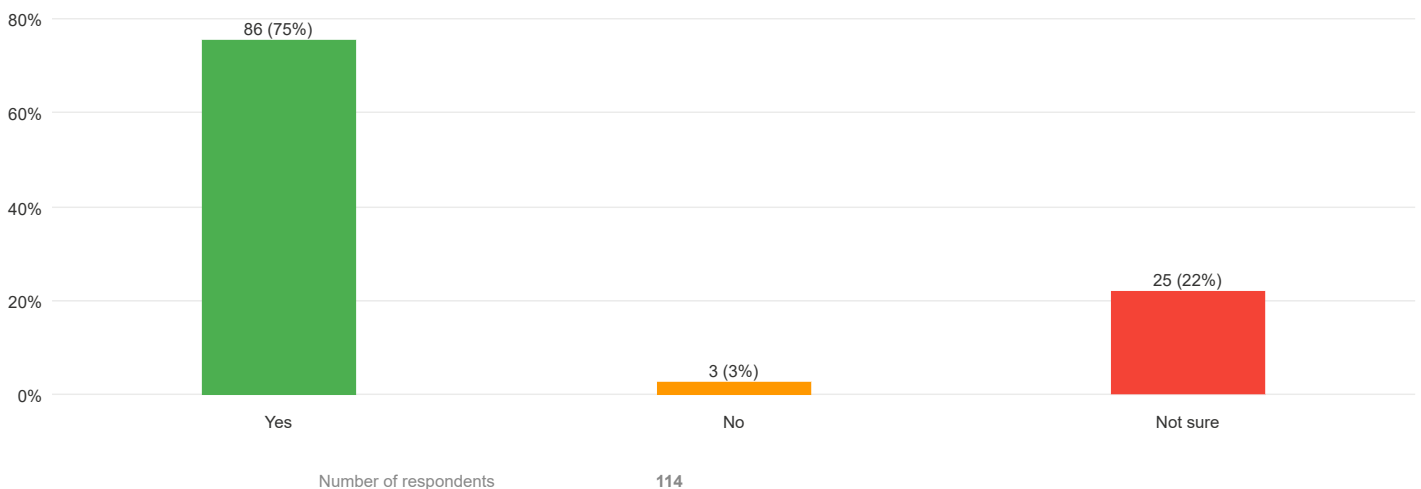

Survey response rate = 96%

Introduction:

On June 4th 2019 attendees of Stingers were asked to complete a brief anonymous electronic survey. The voluntary survey was available on tablets set up at the venue. A small token of appreciation was provided to those that completed the survey in the form of a \$3 Tim Hortons gift card. Respondents were assured that participation, or lack of participation, in the survey would in no way impact the services they receive that day. The information collected will be used for future planning.

Would you like to come to Stingers in the summer?

Which days of the week and times of day would you prefer to attend Stingers? Check all that apply
