# **Land Acknowledgment**

## Land Acknowledgment

United Way of Leeds and Grenville is situated on the traditional territory of the Anishinaabe, Algonquin, Huron-Wendat, Haudenosaunee, Mississauga, and Mohawk, people.

The land that we preside on today lies on unceded Indigenous territory.

## **Land Acknowledgement**

We recognize that when settlers came to this land, they created a legacy of inequities that are ongoing.

We are committed to reducing these inequities, and through our work strive to improve health equity.

We recognize the importance of the land and environment in establishing and sustaining optimal health, and we vow to respect this land as we undertake our work.

## Land Acknowledgement

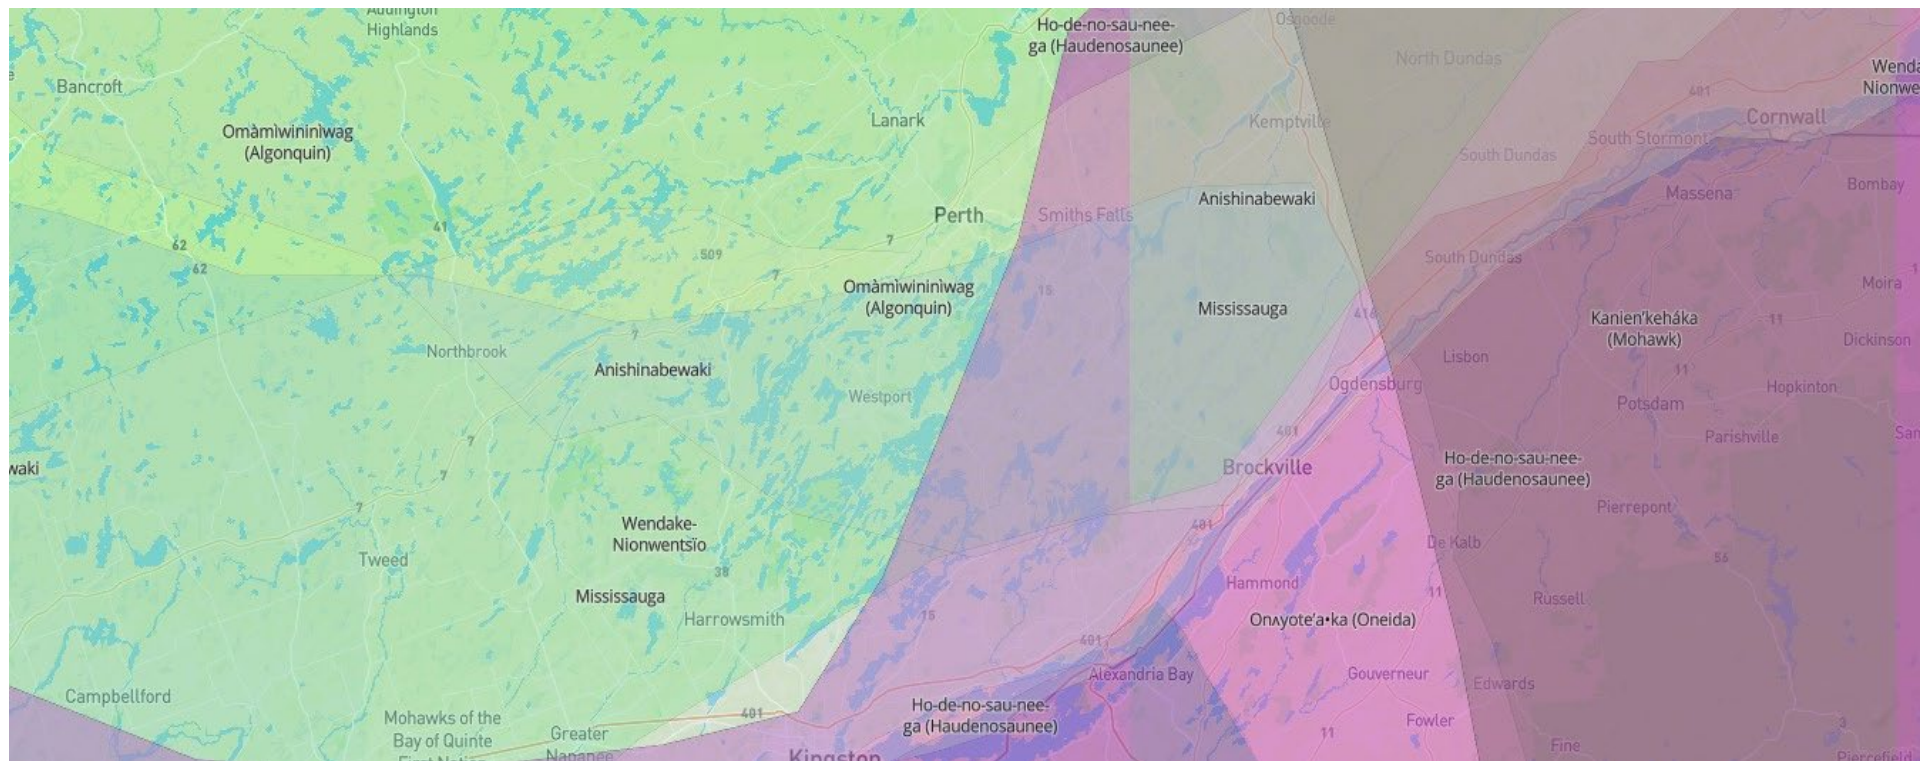

Our organization pledges to build relationships with Indigenous friends and neighbours and recognizes the rich contributions they have provided and continue to provide to this region.

This acknowledgment is a first step in our ongoing commitment to reconciliation.

## Land Acknowledgement

( Unceded means that First Nations people never ceded or legally signed away their lands to the Crown or to Canada.)

## Health Equity

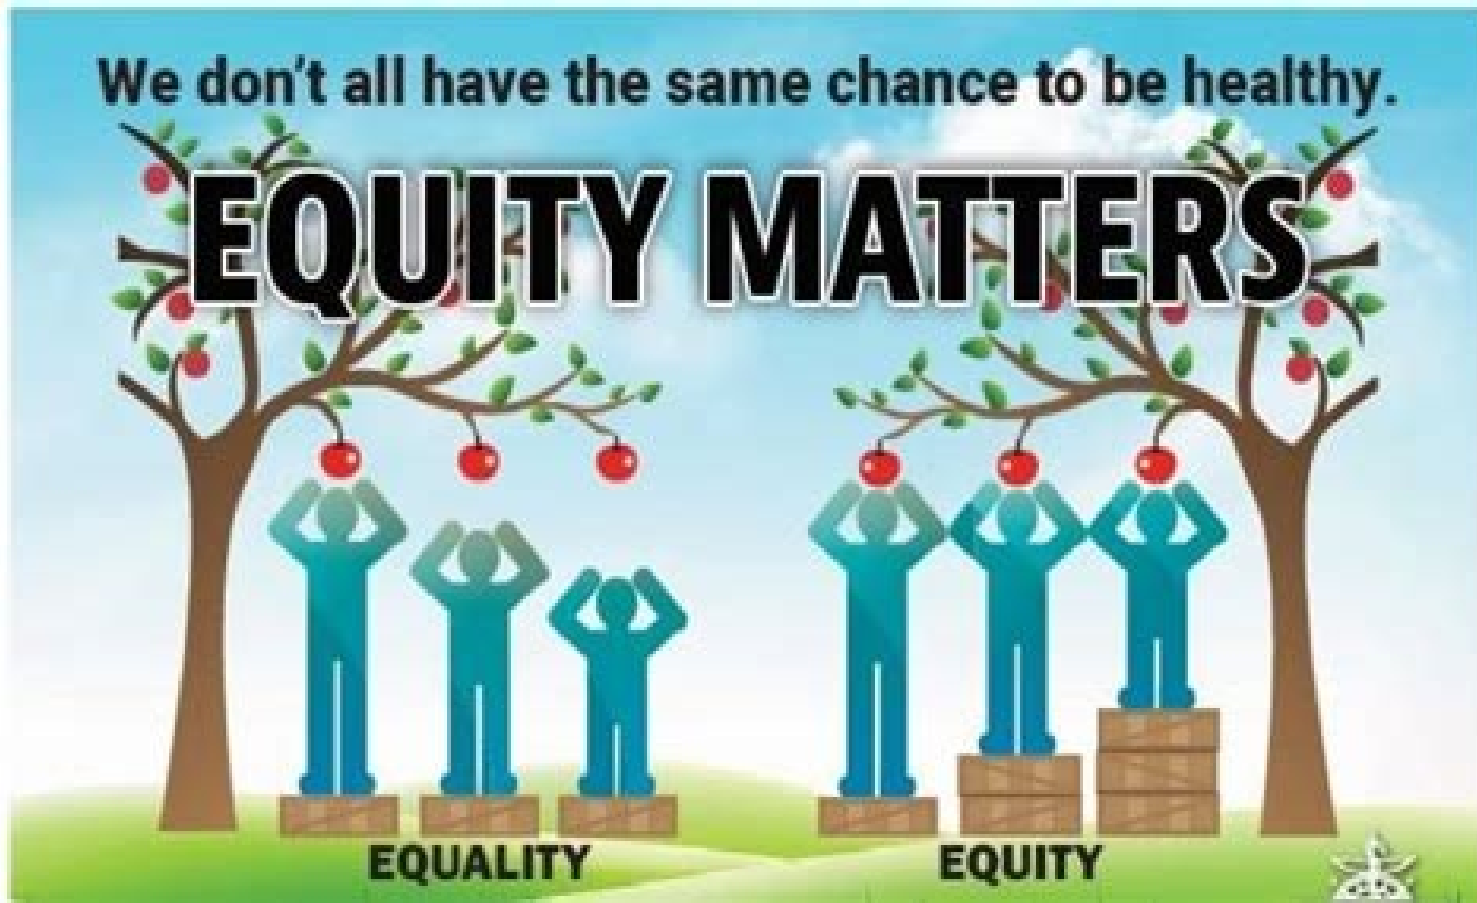

“Individuals have ***opportunities*** to have a ***healthy life***, realizing their own ***potential***, in a ***community*** that effectively ***responds*** to the ***determinants of health***”.

## Social Determinates of Health

### Social determinants of health

The social determinants of health are the conditions in which we are born, we grow and age, and in which we live and work. The factors below impact on our health and wellbeing.

## **United Way**

**The roots of today's United Way of Canada – Centraide Canada (UWC-CC) reach back to the Great Depression, when the Community Chests and Councils division of the Canadian Welfare Council was formed to provide health and welfare planning.**

**Today, UWC-CC is one of just a handful of comprehensive community organizations in North America, the national body representing a Movement of local United Ways – Centraides across the country.**
